Major and Minor Notes

By John Oliver

Next week will see the first grand opera performance in this city by a professional opera company since November of 1922. On Thursday, Friday and Saturday of next week the San Carlo opera company will play at the Empire theatre and as it happens, it was this organization that last appeared in opera here in 1922. It is true, there have been amateur grand opera performances in the interval but none by professional.

Pearl of the most popular and most enduring operas are on the agenda for presentation here. Opening the engagement on Thursday evening will be Giuseppe Verdi's Aida, one of the most colorful, brilliant and melodious operas of all. On Friday night Rigoletto, another from the pen of the great Verdi, will be presented. For the Saturday matinee the San Carlo will present Gounod's Faust, and in the evening, Verdi will be represented for the third time in four performances, when his Il Trovatore will be sung.

It is noteworthy that some of

the artists who sang with the company when it was last here will be heard again. From all available information the theatre will be well filled if not entirely sold out for all performances, which is another indication of the growing popularity of better music and opera and a desire to see "in the flesh" some of the works that have come from the Metropolitan over the air waves.

Congratulations are due Mrs. Vernon Barford, on her re-election to the presidency of the Women's Musical club for the third term, at the annual election of officers held on Saturday last. Mrs. Barford has enjoyed an unusually successful two years at the head of the club and with her tireless assistance on the executive, she has made the Celebrity series of concerts, an annual feature of musical life that has come to be regarded very highly. Best wishes for continued success go out to her.

quiries and applications have come in from many points in the province regarding the festival and all indications are that the event will be unusually successful and will have one of the largest lists of competitors in the history of the event.

A news item of considerable interest came from England a few days ago, namely that Ray Noble, the famous English dance orchestra leader, will return to his native land for a comprehensive tour and will use an all-Canadian orchestra. The nucleus of Noble's orchestra is now playing at a place known as the Gaiety club, near Montreal.

Canadian musicians and bands appear to have met with considerable success in England and judging from the interest aroused by the announcement of Noble's trip, the position will be further consolidated.

Coast Is Seen In Danger Of Japanese Raid

OTTAWA, April 2.—Canada's Pacific coast was in danger of Japanese raids during the tense period of the Japanese invasion of China, Howard Green (Cons. Vancouver) told the House of Commons last night.

For a time, he said, it was feared a clash between Japan and Great Britain might occur at Hong Kong and had that happened it was almost certain there would have been raids on Vancouver.

Mr. Green suggested the government was not now in a position to protect the people of the Pacific coast from attack and urged prompt steps to afford adequate protection. He spoke on the defence estimates.

Not until the middle of the 18th century was champagne made effervescent, when Abbe Dom Perignon, a Benedictine monk, discovered that cork instead of plugs of oiled wax, were the best seals for bottles.

Bulletin Patterns

By Anne Adams

A little girl will look adorable in this Anne Adams frock that mother can cut out and stitch up in the briefest of time! Simple, but effective details are the square neckline, very brief sleeves, shoulder darts, and not least that trim from shoulders to hem! For an especially dainty touch and one that a small child will love! have three pretty bows in the bodice, and a matching sash of ribbon in a contrasting but harmonious dress material. Pattern #47 is effective made in sheer dainty chambray, lawn, or fine muslin—and will prove ideal for everyday and dress-up wear. Send for the pattern today! Illustrated step-by-step sewing instructions included to guide you.

Pattern #47 is available in children's sizes 2, 4, 6 and 10—Size 6 takes 2 1/2 yards 36 inches fabric.

Send 25c in coins for this Anne Adams pattern. Write plainly for name, address and style number.

Send your order to The Edmonton Bulletin, Pattern Department, Edmonton, Alberta.

Raising A Family

By OLIVER ROBERTSON

Yesterday we spent some time on imagination and the child's love of pretence, his pride in being someone or something else, and his madcap ideas about things that never happen.

Today, let's mothers think that I have missed a point that is very important, let me hurry to mention it. Don't you think your little boy or girl see people who are not there? Do they talk to other children or to invisible grown-up names? Is there a "Mrs. Lollucette" who comes to call on Sally? Perhaps Jackie will ask you to give a cake to the nice elephant he has invited to your party. Maybe it is only a bunny, or a nice little dog, he has undertaken to create out of his imagination. So often there is someone, or something, very real to this child of ours.

It is a phase, and will pass. My advice is to take the inventor quite seriously and let his interest when it will. And it will. Be kind and indulgent when asked to serve to "Jumbo."

As for reasons, there are many. I think we know now, pretty well, why little children make up play-companions, often in preference to real ones of flesh and blood. If you have noticed, these legendary figures are always "kind." Moreover, they are treated with the greatest courtesy by their small hosts. Thus they answer two purposes, to begin with, one thing that these small people receive, without criticism, or talk, all the attention lavished upon them. "Mrs. Lollucette" presents an admiring attitude to the small mind that has created her. "Daddy" never answers back, and is in no way angry with anything his inventor does or says. Thus they bolster up ego in the child who needs it so much, and allow him, or her, to expand proportionally without one word of dissent.

There is more. The lone child who is likely to invent companions than the one too busy with real playfellows, although it does not mean that the more occupied child will skip this weaving. In fact, he may do it all the more if he has no unkind or patronizing, or the family bothers him too much, or if he cannot find companions in company that exist; he will search elsewhere, in his mind, at least, for soothing friends who exist.

DOROTHY DIX Says:

If you wonder why you are unpopular and people avoid you as they would the plague, do you talk too much? Is your tongue a perpetual motion machine? Do you play every one with whom you come in contact with the jawbone of an ass? Not one individual in a thousand enjoys listening to any voice but his own.

Do you monopolize the conversation wherever you go and spoil every party by your chatter? Do you go on one-on-one talks? People have never noticed you because they grab the floor, go into their monologue and never give anyone else a chance to get a word in edgewise.

Are you an egotist who believes that the world is just dying to learn all the details of your private affairs? Is waiting with bated breath to hear all about your major operations and what the doctor said and the nurse said what you planted in your garden; how much you paid for your new hat; what sort of a diet you are on; the cute thing the kitten did and the clever way the baby acted?

Are you a braggart? Are you always boasting of your success and telling of the big deals you made; how you know it is foolish of you to waste your talents in a small city instead of going on Wall Street and making a million, but you just feel that it wouldn't be right for you to go away and leave your home town idle? Do you always drag your ancestors out of the grave and into any conversation? Can you never talk for five minutes without referring to your Uncle-Kevy and your footnotes mentioning that you always buy your clothes at the most expensive place?

Do you backbitch people into corners and fix them with your glittering eyes while you tell them how to settle the depression, stop the war in China and solve the unemployment problem? Do you borrow small sums of money that you never pay back? Do you ride in other people's cars to save your own gas? Do you smoke their cigarettes and never reach for a dinner check until you are sure somebody else has got it?

Are you a chronic arguer who can start a fight over the state of the weather or apple pie versus boiled custard? Are you a grump who never even God has been able to please in the way HE made the world and who takes the fun out of every occasion by fault-finding and criticism?

Have you religious or political opinions that you feel called upon to thrust down every one's throat, in season and out of season? Are you so chip-up who thinks himself the life of the party when he is doing foul things and destroying his hostess' cherished belongings, and boring the other guests to tears? Do you give and sit parties at which grown people are expected to play children's games and sit on the floor and pretend that they are enjoying themselves when they are filled with thoughts of murder?

Are you a self-invited guest who pops in on his friends for surprise weekend visits to save hotel bills? Are you on a diet and have to have strange meals prepared for you that extra you eat heartily and have no regard for your hostess' kitchen clock threatened to give notice and quit?

Do you have all of your family fights in public and force the innocent bystander to stand helplessly by while you and Aunt Fannie call each other names and destroy the peace with the people who serve you and place them? Are you overbearing and insolent to waiters in restaurants and theatre ushers and salespeople?

Do you feel called upon to tell people home truths that they would rather die than hear, such as that they are getting fat, or their new hair looks like a bird's nest, or that their freckles look like a badger's tail to you? Do you call your lack of manners and consideration for others "candor"? Are you a misanthrope who thinks it silly to try to please and to indulge some weakness or peculiarity of others and who will crucify his best friend to get a laugh?

If you have any one of these characteristics, you don't have to seek any further to know why you are unpopular. DOROTHY DIX.

Fathers usually call such gongs as putting on their best manners, or are all of your family fights in public and force the innocent bystander to stand helplessly by while you and Aunt Fannie call each other names and destroy the peace with the people who serve you and place them? Are you overbearing and insolent to waiters in restaurants and theatre ushers and salespeople?

Harmonize Make-Up With Your Clothes

By ALICIA HART

The costume which includes dress, even four colors, has most spring outfits do call for special makeup, chosen carefully and applied judiciously. If makeup isn't carefully chosen to your color scheme, you're likely to find yourself looking pretty discordant.

For a perfect combination, such as a gown of pale blue, pale orchid and grey, one famous beauty expert recommends a delicate pastel lavender which blends with the undertone. This might include a foundation film which matches exactly the natural skin tone, light red cream rouge and lipstick the color of fresh strawberries. Nail varnish might match lipstick and mascara might be blue.

Naturally, the old rule about having your makeup exactly or be one shade lighter than your skin and rouge to match your natural blood tone is a sound one. But if a color next to your face throws a soft glow which changes the tone of the skin on face and neck, then makeup ought to harmonize with that tone.

Check your hair, too. Pale, strawberry pink when you are wearing a pastel costume, but rich, very red rouge and lipstick will be more flattering when you're in wine hues. If you're in purple, lipstick and rouge ought to have bluish tones under the red.

Modern makeup does, of course, allow every woman to wear any color she chooses. A red-headed girl can wear red—it's her right and if she changes her makeup. The vivid lipstick reds are best, however. Then, clear, light red rouge ought to be substituted for the orange rouge she's been wearing. And lipstick must be the same tone as the rouge, only slightly darker, of course.

Members of the King Edward Park Community League and their friends were guests of the league at a delightful winter party and dance in the hall at the weekend when hours at cards went to Mrs. W. Campbell, Mrs. A. Wignore, Mr. G. Fourn, Mr. Kinnear, Mr. E. Lapine and Mr. V. H. Runnals. Winners of the aggregate prize were Mrs. W. Campbell, Mrs. W. Wignore and Mr. Donald Ford.

Mr. J. Fournhouse is in charge of arrangements for a dance which is being planned by the league at the King Edward Park for Saturday evening.

Controversy Between Miners and Indians Spreading

U.F.A. DECIDES FREE TRADE IS NO FARM AID

Forty Years Advocacy Now Goes In Discard Says "Gardiner"

After 40 years advocacy of free trade, the United Farmers of Alberta have come to the conclusion some other means must be found to set tariff disabilities of western farmers than by marked tariff reduction, Robert Gardiner stated today.

The U.F.A. president told the 1000-member Alberta farmers convention that any great reduction in tariffs would do greatly disturb the equilibrium of the Canadian economy. So they were suggesting compensation be devised by the Dominion government for western farmers.

Chairman N. W. Rowell suggested farmers come to western Canada to examine tariff policies against. On what basis, then, could they claim compensation because results had been disappointing, he asked.

DID NOT KNOW

Mr. Gardiner said they did not know conditions. Immigrants certainly did not and he personally had never seen tariffs mentioned in the immigration literature he saw in London 30 years ago, he said.

"We want the cost of production," Mr. Gardiner declared, "if we do not get the cost of production, we are satisfied. We don't care how we get it as long as we get it but we must have it if we are to continue."

Mr. Rowell reminded him would mark the determined agricultural prices.

"I realize that and I'd be quite satisfied to sell in world markets and buy in world markets," Mr. Gardiner said.

He did not see whether there was individual aid or compensating policies to assure farmers cost of production.

SUGGESTED REDUCTION

When Mr. Gardiner suggested reduction of transportation costs to such interior areas as Alberta and Saskatchewan, Commissioner J. W. Duffie asked if it was possible to have reductions in the private railway rates.

"I wouldn't like to go that far but it may have to come," Mr. Gardiner said. It was a very important factor in the agricultural industry.

"It is going to be of some concern in determining whether agriculture is going to flourish or not, especially, which is vital to the economic life of the Dominion," he added.

Mr. Gardiner submitted interest in long and short term loans necessary with the farmer, should be reduced.

Mr. Rowell asked if Mr. Gardiner believed from his long experience with public opinion (a member of parliament for 14 years) farmers were as interested in paying back loans to the government as private lending agencies.

NOT SAME MIND

Mr. Gardiner said they were not the same mind to repay when the government loaned, because a politician had been allowed to creep in. When a man comes to the government of the United States, he knows he had to pay back. He would not have a politician in the government, but he would have a man who would be responsible for the political consequences.

Advocating individualization of the Canadian farming system, Mr. Gardiner announced he would be a member of the government in the office of the minister of agriculture. Mr. Rowell announced he would be impossible if political considerations entered into it.

Exhaustive Safety Tests Made By Airline

Exhaustive tests are now being made by Trans-Canada Airlines to ensure the safety of the proposed Trans-Canada passenger service, which will be inaugurated in the near future. At present only one regular run is in operation—between Vancouver and Seattle. Test flights have recently been successfully made between Vancouver and Winnipeg, and are being carried on at different points throughout the west. When present tests have been completed, three airlines, capable of taking about 500 pounds of mail, baggage and express, besides 10 passengers, will make regular runs across the Dominion. The baggage is carried in the nose of the fuselage and upper left shows cargo going aboard. The modern Lockheed Electra used by the Trans-Canada Air Lines consumes 40 gallons of fuel an hour. The two forward tanks, which are being filled, right, hold 85 gallons each. In addition to these there are 15-gallon reserve tanks in the centre section of the wing. Recoverable landing gear is another part of the modern equipment to be used by the airline.

The landing gear is raised and lowered electrically, indicators on the instrument panel showing the pilot just where they are. A mechanic, lower left, is shown giving the landing gear its daily check to ensure that it is in perfect working order. Signals between the airplanes and their landing bases play an important part in aviation and this traffic control project, lower center, flashes signals to airplanes about to land or take off. Different colored lights are used in the projector to direct the traffic. Weather observers are another important cog in the compact organization to make Trans-Canada flying safe. This chap, lower right, is not playing with the balloon. He is one of the many observers who supply reports and forecasts to Trans-Canada Air Lines' stations across the Dominion. These small, hydrogen-filled balloons are released and their flight observed through a theodolite, an instrument which registers the direction and velocity of the wind.

T.C.A. Makes First Night Mail Flight

WINNIPEG, April 2.—First experimental night operations on Trans-Canada Air Lines' western link were carried out successfully when a plane carrying mail completed a round-trip flight to Regina early today.

Piloted by J. H. Seng and Marjorie Kennedy, the plane took off from Winnipeg at 7:30 p.m. M.S.T. Friday, arrived at Regina at 10 p.m. and was back in Winnipeg at 10:30 p.m. The mail cargo and passenger were carried on the same flight.

The U.F.A. now had between 6,000 and 7,000 members, he said, but its average membership since its inception in 1900 had been about 15,000. Local conditions, however, had reduced the membership at present.

Cheesman May Take Council Seat

TORONTO, April 2.—Aviator A. Cheesman, who helped Sir Hubert Wilkins in his unsuccessful search for the lost Russian fleet, can take his seat as a Port Arthur councillor, Ontario legislature private bills committee decided Friday.

Harbor Tonnage Up

HALFAP, April 2.—Net tonnage of vessels calling Belfast harbor was 450,217 tons, new high mark in 1937. Tonnage of goods exported and imported, at 3,826,837, also set a record.

Aero Club Notes

Instructor "Ken" Kennedy returned from Vancouver, having successfully completed his re-licensing tests for his instructor's license. His work was done in the Aero Club of British Columbia last week.

Don Patry and Doug Gordon returned from their northern flight after being held by inclement weather.

Ray Kennedy left for Yellowknife on the Tuesday N.E. train and will fly in from Medicine Hat on the 10th. He is on his private license due to poor flying weather. On his return he will be given the opportunity to continue training towards his commercial license.

The ground school had the usual two meetings during the past week, securing four given by Fred Staines, chief engineer of MacKenzie Air Service and "Professor" Kennedy.

Flying was completely hampered by the blizzard during the first part of the week, but with the return of more favorable weather dual instruction under Capt. "Moss" Barber, has recommenced.

Upon completion of the new hangar now being built at the airport, the club plans to move its main office space and possibly other departments to the new building. The present arrangement occupies space with that of some watercraft, and the club is looking for a more suitable place on the field. If this move is carried out, it will greatly facilitate the work of the club engineers in overhauling the aircraft.

These required expenditures have been estimated at \$10,000, and are being met by the members of one of the new air clubs.

FRASER RIVER GOLD PANNERS HEAR PROTEST

British Columbia Mines Department Investigates Gold Strike Report

12,000 ft. BC, April 2.—Oath-taking between white miners and Indians over gold-panning privileges in the Cariboo in earlier spread Friday to the banks of the Fraser as rumors circulated here of a major gold strike on the banks of the Bridge River.

Indians of No. 1 reservation in Lillooet district ordered white miners to withdraw from the banks of the Fraser river where it runs through the reserve. About 30 miners have already been driven from a reservation on the Bridge river, reportedly the scene of one of the richest discoveries of free gold since the famous Cariboo gold rush of 70-odd years ago.

NAVIGABLE STREAM

The Fraser river is listed as a navigable stream, but the Bridge river is not.

Gold panning along the Bridge river has continued for about 70 years, and so far as is known, the present dispute is the first of its kind. Hundreds of small operators have lived in shacks all along the Fraser, Thompson and Bridge rivers, all of which carry alluvial gold in varying quantities.

Possibility the Indians might not be satisfied in settling claims from the Fraser river reservation was seen by Lillooet lawyers. They claimed Indians had no rights over navigable waters.

Seed Oats To Be Imported Customs Free

OTTAWA, April 2.—Seed oats to be imported by provincial government, free of customs duty and special excise tax, for distribution to farmers for seed purposes, between April 4 and May 31, Revenue Minister J. L. Lally announced last night.

Members of the House of Commons, the minister said, had made representations to the government that there was a shortage of seed oats in Canada at the present time and that this concession should be made to meet the situation.

Only extra Canada subject to a duty of three cents a bushel under the British preference, nine cents intermediate and 16 cents general.

Farmer Dies On Prairies In Blizzard

CALGARY, April 2.—Second victim of a blizzard was a 60-year-old farmer, William Voornman, 60-year-old farmer of Suffield, near Medicine Hat, who was found dead near his home Friday.

Caught in the blizzard, Voornman died at his home. He lived in a small home, 38 miles northwest of Medicine Hat. Police left Medicine Hat by train Friday morning to investigate.

At Skiff, Alberta, 50 miles southwest of Lethbridge, Vincent Collins, 50, a farmer, was killed Wednesday when a snow-laden sled roof collapsed.

What To Do

I am a constant reader of your daily column and there is a problem which confronts me that I think you may be able to help me with. Just how can one be sure they are choosing the right color? Think you?

Answer—There are no hard and fast rules which can be laid down for the selection of color in dress. Age, size, personality, complexion and the texture of the material all have a bearing. Also, colors appear very different in natural and artificial light, and for that reason colors should be selected under the light in which they are to be worn. Colors that are more flattering to the face, but later in life when the coloring is less intense, the soft colored colors are more flattering. Light bright colors make a person appear larger, while dark colors decrease the size, but call attention to the silhouette. In general, the colors chosen should never be stronger than the individual and should harmonize with the color of the skin, the hair and, last of all, the eyes.

License Fees for Track Grain Buyers Reduced by Legislative Body

DEBATE WARM
WHEN CUT IS
FIRST MOVEDManning Says New Bill Is
Designed To Prevent
Evasion of Regulations

Section of the Grain Buyers Licensing Act dealing with license fees was amended during discussion in committee of the house yesterday in the legislative assembly on Friday, to provide for a reduction in license fees. But before such reduction was granted, a lively debate took place.

In its original form the bill called for a \$25 license fee for grain buyers not employing agents for any one specified shipping point and for grain buyers employing agents \$50 for the main point of buying and \$25 for each other point.

Right for reduction of the fees was urged by William Mason, S.C., Winnipeg, who introduced the amendment providing that the \$25 fee be slashed to \$10, and the \$50 fee reduced to \$10.

FREQUENT EVASION

Opening the bill for discussion, Hon. Ernest C. Manning, minister of trade and industry explained that many sections of the Grain Buyers Licensing Act, which is being re-passed, were contained in this measure. Objects of the new bill was to guard against evasion of licensing provisions, such as had been the case in the former bill.

Track buyers had a fear that the bill would put them out of business, John J. Bowler, Liberal, Calgary declared.

The minister said that track buyers would be enabled to buy samples the same as before and he added that there had been a misconception in regard to this.

FEE ON EACH CAR

Much discussion revolved around the section providing that in addition to license fees, each grain buyer pay the minister an additional \$1 fee for each car of grain acquired by him, either before or after shipment and shipped from any point not specified in the grain buyers license.

It was stated by Mr. Manning that the \$25 fee was excessive and argued that it should be equalized with that of Manitoba.

Mr. Manning, during further discussion, pointed out that the Manitoba fee was higher than those proposed for this province, having a \$25 track buyers' fee and \$25 additional for each point where track buying took place.

BAYS MISINFORMED

Mr. Manning then declared that he must have been misinformed about Manitoba.

Social Credit members in subsequent debate, pointed out that it was in the interests of farmers to

DR. HENG TAO
TO SPEAK IN
CITY APRIL 6

Dr. Heng Chih Tao, formerly dean of the School of Education of the National Southeastern University, Nanking, China, will arrive in Edmonton Wednesday, April 4, and will speak that evening in the Memorial hall under the auspices of the Edmonton branch of the Canadian League for Peace and Democracy.

The leading Chinese educationist was scheduled to speak here last February, but was interrupted in his Canadian tour when he called to London, Eng., as China's representative at the International Peoples Assembly in Aid of China.

He will address his Edmonton audience on the Sino-Japanese situation, and proceeds will be used to supply medical aid to victims of the war in China.

Dr. Tao was Chinese delegate to the World Peace Congress held in Brussels, Belgium, in 1936. Taking a leading part in the recent Peoples Assembly in London, he left conferred with Mr. Wellington Koo, Chinese ambassador to the United States.

Following his visit to Edmonton, he will address meetings at the Pacific coast before returning to China.

Wilfrid Gariepy
Defies Touching
Padlock Law

OTTAWA, April 2.—Wilfrid Gariepy, three Rivers, Que. Liberal, Friday, told the House of Commons he approved the Quebec padlock law and asserted there would be a "near revolution" in Quebec if the minister of justice flouted the legitimate authority of the province and disallows the law.

Mr. Gariepy's remarks came during the course of the house debate on Defense Minister MacKenzie's estimates which the St. Lawrence member opposed as he said last year on the grounds Canada should not place itself in position to be involved in foreign war.

Terraplane Large Car

Restyled and very sleek with the advantages of effective automatic shifting (desired) and with double braking standard equipment, the new Hudson Terraplane, of which this 6-passenger brougham is a good example, develops 100 horsepower and has a wheelbase of 117 inches.

Alberta Turns Down Big
Grant But Makes Money

OTTAWA, April 2.—It sometimes happens that a province can have a great from the Dominion cut in half and yet make money. This was shown in an interchange between Victor Quetch (S.C.-Acadia) and agriculture minister J. G. Gardiner in the House of Commons.

A vote for \$100,000 in Alberta to assist it in providing feed and fodder for drought sufferers was under discussion and the minister explained the Dominion had proposed to give Alberta \$200,000 but at the request of the province this was cut to \$100,000 in condition there were certain adjustments.

This caused no little surprise that any province would turn down \$100,000 and Mr. Quetch wanted to know why.

34 Years Service

HALIFAX, April 2.—William Gentles of Halifax has completed 34 years in the service of the Nova Scotia government. For many years now, he has been chief messenger of the House of Assembly.

OSCAR TAKES ON BOTH INDIAN CHIEF, REFEREE

Mossfeld's Feud With Louis Lavoie Reaches Climax Following Main Event—Onions Beat Parker

The feud that has been brewing between Oscar Mossfeldt and Referee Louis Lavoie came to a head last night after the terrible Ossie had felled Chief Little Wolf for the deciding fall in their main event bout on the wrestling card staged at the Memorial Hall last night.

All during the match, Mossfeldt found fault with Lavoie's officiating and twice started after the burlly referee before the final clash. After each won a fall, Oscar lifted Lavoie high over his head and then brought him across his knee in a brutal back-breaker that almost split the Chief in two. Falling on his helpless opponent, Mossfeldt pinned his shoulders to the mat for the winning fall, but didn't show any desire to crawl off when he had been awarded the fall, so Louis Lavoie promptly pulled him off.

Then the sport up feelings of Ossie and the main event found himself flying across the ring. He crashed into the ropes rebounded off them like a rebounding ball, then came back, tearing into the rumbunctious grappler. They fell to the canvas in a tangle of arms and legs and then broke apart. Louis came in with flying fists and Oscar seared for the ropes. Louis started after him, then stayed inside and invited Mossfeldt to step into his parlor. Mossfeldt came in but promptly slipped out again. Then the wrestler really got mad, taking after Lavoie in real earnest. Larry Jacobson finally climbed through the ropes and separated the warring gladiators.

LOUIE MAD
Louis stayed in the centre of the ring telling the milling fans what would happen to Mossfeldt should that little grapple ever try to talk back to him again. "Say! I'll do that," he said, "I'll do that!"

Chief Little Wolf started on the main event in grand style, he tossed Oscar over the ropes, then when Oscar hesitated about coming back he pulled him back again. Just to be on the safe side, he changed his mind and soon went over the ropes and started after him. Oscar retaliated by throwing some punishing right punches at the Indian and just when he seemed to have the Chief softened up for a fall, he found himself in a bad fix. Oscar tried to throw him but the Chief slipped out of his grasp and almost landed on his head.

Mossfeldt, paraded around the ring and almost caused the fans to riot as he argued and petulant with them. Then when the Indian was late coming back for the second fall, Oscar almost tore the ropes because the referee refused to award the bout to him by default.

THE REMINDER OF THE EVENING
The fans could hardly tell whether West Oats was fighting Lavoie or the Chief. First Mossfeldt made a hold on the Chief only to have the referee pull him off. Then Oscar would chase Louis and the Indian would come up and Oscar would have to give him a little attention.

GETS TYPING FAL
Finally, exasperated at such going on Oscar found a series of rights to the Chief's head and then pinned his shoulders to the mat with an octopus hold, for the time being.

THE UNION HELD
Johnny Verne found the way to conquer that curly-haired monster, Cliff Parker. He did it with an union. Johnny found Lavoie in trouble with the mighty Barker. Verne first fell with Lavoie and then after a drop kick and an octopus hold, then after Verne had evaded the match with a barrage of right and

Cricket Notes

The annual general meeting of the Edmonton Cricket League held in the Civic Block last Wednesday

was well attended. J. Hodgson was elected president, S. C. Crockett vice-president, and G. S. Hagen re-elected honorary secretary-treasurer.

J. W. McKinnon was elected secretary, and H. Robinson and C. Field honorary auditors. R. Howley was elected president of the league.

The league is now under the leadership of J. W. McKinnon, who is a member of the league and is determined to make the most of it.

Johny has never been knocked out in 78 fights and some of them have been against the best of the league.

There is a chance that an opponent will be found for George Shanks for Tuesday's card which would be a highly interesting addition to the program.

The one-man sell-out crowd of 1,000 was a record for the arena and a good sign for the future.

Demarcus was not left out of the action. He was a good fighter and a good boxer.

On July 15 and 16 there will be a boxing card at the arena. It will be a good one.

The coming league season will open on Saturday, April 30, when home and home games will be played.

At a meeting of the Alberta Cricket Association this week, Major A. P. Chittell, D.S.O., of Edmonton was elected president.

The vice-president being R. W. Henderson, Calgary, the hon. secretary-treasurer G. S. Hagen of 10001 14th St., Edmonton, and assistant-secretary H. Chambers, Calgary.

It was anticipated that an Alberta team will play at Vancouver this coming July, when the B.C. League have their Jubilee year.

The ASA will make the trip to Vancouver in the district and in preparation for the gathering is calling a meeting of the local executive for Monday night, April 4 at 8:30 in the Y.M.C.A.

Softball managers or players having suggestions and problems to air are invited to attend this meeting also. Those interested at present outside of the city should write their suggestions to Herb Coxford or Fred Youngman care of the Edmonton Y.M.C.A.

Seek New Variety
FREDERICTON, April 2.—Experiments underway in government laboratories may provide Canada with a potent answer to any new existing—possibly a disease-causing variety—Dr. H. T. Gussow, Dominion biologist, said in an interview here.

The Bureau of Air Commerce is endeavoring to raise enough funds to have all cities and towns adequately marked for pilots to identify as they pass over.

ANNUAL MEETING
FREDERICTON, April 2.—An assessment of \$20,000 for 1933, an increase of \$1,000 over that for last year, has been ratified by the Fredericton city council. Despite the increase it is expected the tax rate will remain about the same.

ALBERTA GOV. TELEPHONE

Loftus Fit and Ready For Crack At Pay Dirt

From his training grid for next Tuesday's fight with Dick Demarey of Bismark, North Dakota, in the Memorial Hall.

After years of good honest fighting throughout the Canadian west and points down the U.S. Pacific coast in an effort to hit the big pay dirt, Johnny Loftus is the best in the west.

Loftus has never been knocked out in 78 fights and some of them have been against the best of the league.

There is a chance that an opponent will be found for George Shanks for Tuesday's card which would be a highly interesting addition to the program.

The one-man sell-out crowd of 1,000 was a record for the arena and a good sign for the future.

MAJOR HOOPLE

ALBERTA'S GREATEST SATURDAY COMIC PAGES

EDMONTON, ALBERTA, SATURDAY, APR. 2, 1938.

THE CURIOUS WORLD

The GERENUK

IS A GAZELLE-LIKE ANTELOPE, OF AFRICA, RANGING FROM SOMALILAND TO KILIMANJARO.

IT IS UNUSUAL BECAUSE OF ITS LONG NECK, WHICH COMES IN VERY HANDY AT FEEDING TIME. THE ANIMALS LEAN AGAINST TREE TRUNKS AND BROWSE FROM OVERHANGING BRANCHES.

THEY ARE MOST APT TO BE FOUND TRAVELING IN RATHER LARGE FAMILY PARTIES.

THE HORNS ARE FASHIONED IN THE SHAPE OF THE LETTER "S"...IN REVERSE! ONLY THE MALES CARRY THEM

THE GERENUK PREFERENCES ROCKY GROUND, SPARSELY COVERED WITH THORN BUSHES AND TREES. IT NEVER INHABITS THE TREELESS PLAINS.

FRECKLES AND HIS FRIENDS

By Blosser

WELL, WE'VE TRACED THAT FALSE RADIO BEAM TO THIS POINT, FRECK!

SMART WORK, DANNY!

UNAWARE THAT THEY HAVE LOST A LANDING WHEEL PILOT DANNY AND FRECKLES STILL ARE TRYING TO LOCATE THE MYSTERIOUS RADIO BEAM...

IT'S DANNY! WE CAN GET HIS CALLS, BUT HE CAN'T GET OURS! HE SAYS HE'S LOCATED THAT FAKE TRANSMITTER! MILE OUTTA TOWN! NOTIFY POLICE!!

WE CAN'T GET WORD THRU TO HIM THAT HE'S MINUS A WHEEL! BUT IF HE CRACKS UP, WE'RE READY FOR HIM!

AND UNLESS I MISS MY GUESS, THAT SHACK DOWN THERE IS WHERE THE TRANSMITTER IS LOCATED!

GOSH, DO YOU THINK SO?

LET'S GET THIS SPOT LOCATED! THIS IS CAMDEN ROAD, ISN'T IT?

YEP...ABOUT ONE MILE OUTSIDE SHADYSIDE CITY LIMITS!!

THEN HE'LL BE RIGHT IN...WE'VE GOT TO GET BUSY WITH OUR 'CRASH' CREW! DANNY DOESN'T KNOW A WHEEL IS MISSING FROM HIS PLANE!

NUMBER SEVEN IS COMING IN!!

NEVER MIND THE EMERGENCY EQUIPMENT...WE CAN'T HELP HIM NOW!!

WHY NOT?

LISTEN!

"DANNY CALLING! I'M GONNA LAND OUT HERE AND KNOCK OVER THAT SHACK WHEEL-LEVER NING THE CROSS"

"This

old world of ours is full of strange people; strange animals; strange facts and strange fancies. Old Mother Nature works wisely and well, but sometimes her ways are too deep, too

Curious

for us to fathom. But there's a way to keep in touch with the vagaries of nature and learn the whys and wherefores of her strange ways. Daily in The Bulletin, "This Curious

World"
